

A personal message from your local Conservative candidates

Dear Resident,

On Thursday, 2nd May electors will be able to vote for three district councillors in the Dunholme and Welton ward of West Lindsey District Council. With three seats onto the council this is an opportunity to elect and strong team to represent you.

The Conservative party is the only one able to provide three candidates to form such a team. All three candidates live in the ward. Malcolm Parish has many years of experience in local government, especially at district level. Steve England has served on the policy committees of the council. He is currently Vice Chairman of the Council. Caralyne Grimble is a local parish councillor.

This collective experience and high level of commitment to the community, together with the invaluable support of Conservative county councillor Sue Rawlins, Police and Crime Commissioner Marc Jones, and Sir Edward Leigh MP means we have a sound understanding of the issues affecting the whole of the many communities that comprise the Dunholme and Welton ward.

Others will promise the same, but they do not have the resources to provide effective coverage of such a large and varied ward. Don't let them lull you into a false sense of security, making promises they cannot, and will not be obliged to keep.

By electing your Conservative team, the ward will have three members working together on behalf of all electors. Your vote for the Conservatives on Thursday, 2nd May will ensure strong local governance at West Lindsey, and effective localised representation for the people of the Dunholme and Welton ward.

Yours sincerely,

Steve England, Caralyne Grimble and Malcolm Parish

Conservative Party Candidates for the Dunholme & Welton Ward

Conservative Plans to Invest in Services and Regeneration

The new leisure centre in Market Rasen

Conservative-led West Lindsey District Council has agreed a capital investment plan totalling £37 million, to support its vision for the district and the people it serves.

Regeneration, leisure and business growth, feature heavily in the plans over the next five years, as well as continuing to provide vital services for residents.

The council has a strong track record of identifying and generating income, savings and efficiencies whilst protecting priority services.

We have effectively managed the £4 million reduction in Revenue Support Grant from Central Government, since 2013/14.

We have achieved this through commercial and traded income, from making selective investments, charging for services, securing efficiencies and cost savings and successfully applying for more than £10 million in other grant funding schemes. We will continue to maximise technology to deliver modern, innovative and collaborative services, putting our customers at the centre of everything we do.

Our 5 Point Plan for West Lindsey

- 1** Keeping our portion of the Council Tax low by working in a business-like way and ensuring that public money is spent wisely.
- 2** Give local parish and town councils the right to 'call-in' planning applications for determination by the Planning Committee.
- 3** Keep the 1 hour free car parking in Gainsborough and 2 hours free car parking in Market Rasen to support local businesses.
- 4** Delivering leisure for all with a £7,100,000 investment in new and refurbished leisure facilities.
- 5** Complete construction of the district's first crematorium at Lea.

Local people are backing the Conservatives...

“ I work well with my Conservative colleagues on West Lindsey District Council, it means most of the time we are all pulling in the same direction as a team. Please vote Conservative to deliver for your community.

Sir Edward Leigh
Member of Parliament for Gainsborough

“ Having good local councillors who work hard for their communities is really important for me in my role as Police and Crime Commissioner. They need to understand the people and places they serve.

Marc Jones
Police and Crime Commissioner

BUILDING A BRIGHT FUTURE FOR EVERYONE IN WEST LINDSEY

Conservatives on West Lindsey District Council have been the administration since 2008. In that time they have made real progress in delivering on the promises they have made to local people.

Local people know that a Conservative-led district council is one where they are working to keep your local council tax bill low.

Conservatives recognise the importance that sport and leisure facilities make to people's enjoyment of their freetime, wellbeing and health. The refurbishment of the

leisure centre in Gainsborough, the construction of a new leisure centre in Market Rasen and the council's outreach programme means that Conservatives are delivering leisure for all across West Lindsey.

Conservatives have been at the forefront of putting local communities first.

Which is why they plan to give local parish and town councils the right to refer planning applications to the Planning Committee for a decision.

At the last elections they said they would generate more revenues by using the council's reserves in a more commercial way. This means the council's

assets are now helping to pay for the delivery of front-line services. The Conservatives' approach means that monies invested are returned to the council for future use, and the profits are used to keep key services funded. So, to build a bright future, back the Conservatives.

“ I am enormously proud to have been the Leader of West Lindsey District Council for the past 6 years.

Your Conservative team has really delivered for you: keeping council tax low, working in partnership with both parish & town and the county councils, and delivering major projects; like a crematorium at Lea and new leisure centre at Market Rasen.

We want to create a West Lindsey that is a great place to live, where people, businesses and our communities can thrive and realise their potential. An opportunity to continue building a bright future for everyone in West Lindsey.

Jeff Summers
Leader of West Lindsey District Council
