

A personal message from your local Conservative candidates

Dear Resident,

We are very proud to present ourselves as three solid local candidates to be our communities next West Lindsey District Councillors. We will work hard to progress and safeguard what matters most to our local communities and to ensure that you have your say.

Sally is from a Lincolnshire farming family and has served the local community throughout for three decades in the NHS. For 19 years she has been a paramedic and an emergency driving instructor in our local area. A mother of two, both children were educated at local rural schools in Laughton and Blyton.

Ian was born in Burton upon Trent, his father was a police officer, and his mother was a nurse. He left his home town to join the army, this saw him see active service worldwide. He enjoys local history, Rugby and all kinds of music. As this ex-soldier, Ian enjoys Red Arrow watching and like West Lindsey never tires of them.

You may have already met Ken without knowing it: he is an emergency care practitioner for the local GP out-of-hours service. His experience in the health sector has given Ken a detailed insight into the social fabric of the community and a deep understanding of the issues that matter to local people. He is a prolific supporter of good local causes, raising many thousands for end-of-life and palliative care charities over the years.

With all of the experience, passion and knowledge that we offer, we will work hard to deliver the aspirations of our local communities. As local people, their values are your values.

Your three votes matter – so use them wisely: Vote for Ian, Sally and Ken – your Conservative Party Candidates – on Thursday, 2nd May 2019.

Yours sincerely,

Ian Bradley, Sally Loates and Ken Woolley

Conservative Party Candidates for the Scotter & Blyton Ward

Conservative Plans to Invest in Services and Regeneration

The refurbished leisure centre in Gainsborough

Conservative-led West Lindsey District Council has agreed a capital investment plan totalling £37 million, to support its vision for the district and the people it serves.

Regeneration, leisure and business growth, feature heavily in the plans over the next five years, as well as continuing to provide vital services for residents.

The council has a strong track record of identifying and generating income, savings and efficiencies whilst protecting priority services.

We have effectively managed the £4 million reduction in Revenue Support Grant from Central Government, since 2013/14.

We have achieved this through commercial and traded income, from making selective investments, charging for services, securing efficiencies and cost savings and successfully applying for more than £10 million in other grant funding schemes. We will continue to maximise technology to deliver modern, innovative and collaborative services, putting our customers at the centre of everything we do.

Our 5 Point Plan for West Lindsey

- 1 Keeping our portion of the Council Tax low by working in a business-like way and ensuring that public money is spent wisely.
- 2 Give local parish and town councils the right to 'call-in' planning applications for determination by the Planning Committee.
- 3 Keep the 1 hour free car parking in Gainsborough and 2 hours free car parking in Market Rasen to support local businesses.
- 4 Delivering leisure for all with a £7,100,000 investment in new and refurbished leisure facilities.
- 5 Complete construction of the district's first crematorium at Lea.

Local people are backing the Conservatives...

“ I work well with my Conservative colleagues on West Lindsey District Council, it means most of the time we are all pulling in the same direction as a team. Please vote Conservative to deliver for your community.

Sir Edward Leigh
Member of Parliament for Gainsborough

“ Having good local councillors who work hard for their communities is really important for me in my role as Police and Crime Commissioner. They need to understand the people and places they serve.

Marc Jones
Police and Crime Commissioner

BUILDING A BRIGHT FUTURE FOR EVERYONE IN WEST LINDSEY

Conservatives on West Lindsey District Council have been the administration since 2008. In that time they have made real progress in delivering on the promises they have made to local people.

Local people know that a Conservative-led district council is one where they are working to keep your local council tax bill low.

Conservatives recognise the importance that sport and leisure facilities make to people's enjoyment of their freetime, wellbeing and health. The refurbishment of the

leisure centre in Gainsborough, the construction of a new leisure centre in Market Rasen and the council's outreach programme means that Conservatives are delivering leisure for all across West Lindsey.

Conservatives have been at the forefront of putting local communities first.

Which is why they plan to give local parish and town councils the right to refer planning applications to the Planning Committee for a decision.

At the last elections they said they would generate more revenues by using the council's reserves in a more commercial way. This means the council's

assets are now helping to pay for the delivery of front-line services. The Conservatives' approach means that monies invested are returned to the council for future use, and the profits are used to keep key services funded. So, to build a bright future, back the Conservatives.

“ I am enormously proud to have been the Leader of West Lindsey District Council for the past 6 years.

Your Conservative team has really delivered for you: keeping council tax low, working in partnership with both parish & town and the county councils, and delivering major projects; like a crematorium at Lea and new leisure centre at Market Rasen.

We want to create a West Lindsey that is a great place to live, where people, businesses and our communities can thrive and realise their potential. An opportunity to continue building a bright future for everyone in West Lindsey.

Jeff Summers
Leader of West Lindsey District Council
