

**Better hospitals. Safer streets.
Improved schools. It comes
down to your vote.**

**Let's get Brexit done
– so we can finally get on with
the priorities we all share.**

**Investing an extra £33.9 billion
into the NHS.**

Helping us cut waiting times, invest in
new technology, and hire more doctors
and nurses.

**Hiring 20,000 new police officers.
And we've already started.**

Helping us break up drugs gangs – and
make our streets safer.

**Getting more funding to every
single pupil in the country.**

So no matter where your child goes
to school, they'll get more funding.

**We can't afford MORE
confusion and MORE delay.
But that's all the other
parties can deliver.**

The Labour Party won't say whether
they support Brexit. And they've
had **THREE YEARS** to decide.

So the only thing a Corbyn
government would deliver is more
confusion. And we'd get zero
progress on our priorities.

THE FINANCIAL TIMES

**Let's get on with the country's
priorities – by getting Brexit done.**

my plan

**for the Gainsborough
constituency**

1

GET BREXIT DONE

I'll back the Prime Minister's deal which gives us control of our money, laws
and borders – and we will be free to strike trade deals with old friends and
new partners around the globe.

2

SUPPORT OUR NHS

We need to free health professionals from endless bureaucratic
interference and allow resources to travel straight to the front line. I want to
make sure that our NHS is properly resourced, staffed and on a sound,
sustainable footing for generations to come.

3

SUCCESSFUL SCHOOLS

We have done more to free schools from central control than any previous
government. I will continue to support our local grammar schools. I want all
headteachers to be given the freedom they need to run our excellent local
Lincolnshire schools.

4

BETTER POLICING

Conservatives will put 6,000 more officers onto our streets by the end of
2020-21 – the first year of our recruitment drive. That's an additional fifty
policemen and women for Lincolnshire.

5

A STRONGER ECONOMY

I will continue to back our local business:
keeping taxes low, expanding the
opportunities of free trade and investing in
the vital new infrastructure that businesses
need to move and trade across the country
and the globe.

6

CONTROLLING IMMIGRATION

A Labour government, supported by the SNP and the Liberals, will open our
borders to unsustainable, uncontrolled immigration. Only the Conservatives
are committed to a points-based system that recognises the contribution
that people can make to the UK.

**Help deliver My Plan for the Gainsborough constituency.
Vote Conservative on Thursday, 12th December 2019.**

Dear Resident,

I have been enormously proud to serve as our Member of Parliament for the past thirty-seven years. I believe I continue to have lots to offer local people. More than ever I believe we need experience to guide us during uncertain and often unpredictable times.

This election, on Thursday, 12th December, is taking place because Parliament could not agree a way forward on Brexit. After three and a half years we need to make progress so that we can get back to the things that are really important, like our NHS, Schools and getting more police.

If you re-elect me as your Member of Parliament I will work for the needs of all residents. You may be absolutely assured that I will put your interests first. I live in the constituency with my wife where we raised our children.

I would be honoured to be trusted with your vote, so that I can continue to represent you. If elected my plan includes: Getting Brexit done, supporting our NHS by keeping it well-funded and free at the point of delivery, ensuring that our local schools are run by parents and teachers - free from central control, better policing with 50 more officers locally by the end of next year and supporting a fairer funding deal for local government.

I would be honoured to continue my service for all the people of the whole of the Gainsborough Constituency.

Yours sincerely,

Edward Leigh

Working hard for everyone in the whole of the Gainsborough constituency

This election matters because we need to continue to have a strong and effective MP with a proven record of action. Sir Edward Leigh is the experienced, local choice in this snap general election.

In government we have delivered the biggest cash boost ever for the NHS with investment of £33.9bn.

I use the NHS exclusively for myself and my family. I am totally committed to preserving its principle as a well-funded service free at the point of delivery.

I want to make sure that our NHS is properly resourced, staffed and on a sound, sustainable footing for generations to come.

Talking to Health Secretary Matt Hancock about local NHS provision with Lincolnshire County Council Leader, Cllr. Martin Hill.

We should not accept the idea that there can be winners or losers when it comes to our children's futures.

Schools, more than ever, need to be at the forefront of our Governments thinking. We are investing in our children's futures with the biggest funding boost for schools in a decade - £14 billion additional funding over the next three years - meaning more money for every child to receive a truly world-class education. For Lincolnshire this means £4,688 per pupil, an increase of 5.72%.

Meeting young people to discuss their issues over pizza.

Meeting local people is one of the best ways to make sure that in the House of Commons I am the authentic voice of real people.

Whether on windfarms or roads or schools, I constantly argue the case for local decision making and fairer funding for our county and strong controls on new housing.

Gainsborough is one of England's biggest and most rural constituencies. We need a voice for our struggling village shops, post offices and amenities. We need to value the immense contribution made by volunteers and farmers to the countryside. I have and will continue to relentlessly campaign for better broadband for our villages.

The public are clear they want to see more police officers on their streets. This is your priority and it is exactly what Boris Johnson and Conservatives like me are delivering in government.

Evidence shows that broadly speaking overall levels of crime are falling, but Lincolnshire should be better resourced to meet the challenges our police face. We must ensure our towns, villages, and homes are kept safe and secure. I will work with Police and Crime Commissioner Marc Jones to fight for a sustainable and fairer funding settlement for rural parts of the country, like Lincolnshire.
